  - Module 8 (Oct. 14 - 20): Human Computer Interaction

**Overview**

In the discussion forum below, you will be posting a six-word memoir of educational technology.

**Instructions**

- Synthesize the module readings and write a six-word memoir that describes your current definition of educational technology.
- This will be a work-in-progress, but it is a good starting point.

**Resource**

What is a six-word memoir? It is summarizing something in only six words. It can be a little challenging, because it really forces you to think of the absolute essential aspects of a topic. Here is more information on six-word memoirs that you may find helpful: [Six-word memoirs: Life-stories distilled.](#)
